"To receive the Recommender Award for the eleventh time in twelve years is a great honor for our company. We are especially pleased to rank first in the category "insurance companies throughout Austria" and to receive again the rating "outstanding customer orientation". This award verifies once more the extraordinary performance of all GRAWE employees", says member of the Board of Directors at GRAWE, MMag. Georg Schneider.

The Recommender Award is presented to institutes who had the highest recommendation rates in their respective category in the survey of 8,000 customers in the first quarter of 2018.
